EVIDENCE DISCLOSURE

These videos document controlled analytical tests and modeled financial logic. Dollar values shown are not brokerage balances, executed trades, guaranteed savings, investment returns, customer production revenue, or recognized company revenue.

1

Logic Engine Three-Ledger Investor Control Tower

Live Financial Logic Demonstration

WHAT IT SHOWS

A live Logic Engine demonstration evaluating the same incoming financial information through the Main Ledger, Conservative Ledger, and No-Top-Lane Control.

WHY IT MATTERS

Gives investors a direct view of comparative modeling, risk reserves, source monitoring, control testing, and evidence-package generation without relying on one favorable result.

WATCH ON YOUTUBE

<https://www.youtube.com/watch?v=a2B0tluGvrc>

2

July 15, 2026 - Public Evidence Short

Quick visual checkpoint

WHAT IT SHOWS

A short public checkpoint from the Logic Engine evidence trail.

WHY IT MATTERS

The fastest viewing option for a reviewer who wants a brief visual introduction before opening the longer investor demonstrations.

WATCH ON YOUTUBE

<https://www.youtube.com/shorts/IJgupKtjLbY>

CONTROL AND ENDURANCE RECORDS

Stricter assumptions, outlier removal, and long-duration context

3

Logic Engine v1.0.21 Investor Challenge Gauntlet

Five-Ledger Financial Stress Test

WHAT IT SHOWS

A live five-ledger test using the Main Ledger, Conservative Ledger, No-Top-Lane Control, No-Top-3 Control, and Assumption Ladder.

WHY IT MATTERS

Shows increasingly strict investor controls, outlier removal, conservative assumptions, risk reserves, and automated evidence generation operating together.

WATCH ON YOUTUBE

<https://youtu.be/kN0nh8BJ2oM>

4

Logic Engine Long-Duration Investor Evidence

Financial Recovery, Treasury and Service Stabilization

WHAT IT SHOWS

A condensed overview of the broader Logic Engine long-duration evidence package.

WHY IT MATTERS

Shows that the investor portfolio is supported by multiple testing lanes rather than one isolated demonstration.
